Dear Friends,

Welcome to The Little Black Dress Party Continuum! We are excited and grateful to serve as your honorary chairs for this evening as we celebrate good health and work to raise funds for underserved individuals in need.

As members of the local health care community ourselves, we understand the importance of supporting health and wellness programs focused on increasing access to care throughout the Emerald Coast. The last several years have been nothing short of challenging, with COVID-19 putting a strain on our area's health organizations and hindering access to essential care. Now, more than ever, the need is evident to support and build upon our systems of well-being.

All proceeds from tonight's event will go directly toward positively changing the lives of some of the most vulnerable. Our hope is that you will enjoy this special evening of celebration and choose to give generously so that we may continue to enrich the health and wellness of our community.

Yours in service,

Patrick & Sandra Anastasio

The White-Wilson COMMUNITY FOUNDATION inc.

The White-Wilson Community Foundation, a 501(c)(3) nonprofit, was formed in 2012 by White-Wilson Medical Center to help improve health care in Okaloosa, Santa Rosa and Walton Counties, and our mission is to positively impact our area's health and wellness through education, collaboration and financial investment. We believe it is essential to emphasize preventive health care and to support organizations that provide life-changing health services for underserved people right here on the Emerald Coast.

Through the success of The Little Black Dress Party, The White-Wilson Community Foundation is helping care for our friends and neighbors who need it most. This long-standing event has allowed us to provide health education and prescription drug programs, mammograms and breast cancer treatment, free physical screenings, high-tech vision equipment for children, grant opportunities and an extensive focus on local heath deficits and collaborative efforts to solve them. Proceeds from tonight's event will allow us to continue providing these powerful and lasting improvements to our community's health now and in continuum.

Thank you for joining us for this special evening. These great programs and services are possible only through your support, and we are grateful for your generosity. For additional information about The White-Wilson Community Foundation and the work we do, visit **WhiteWilsonCommunityFoundation.org**.
